So, you must have to fight with the evils till your last bow. Make tactics and proper use of obstacles to battle with the oncoming waves of evil. Features Of Archero Mod Apk As I previously said, this Archero mod is packed with some cool and useful features. If you think I missed any important features, then you can comment down. I would love to hear from you. Unlimited Gems This the main feature of this Archero hack apk. As we know, gems play an important role in upgrading. You can even use it to unlocked all of your tactics. But the main problem is that you have to earn it by completing missions that get harder as you move forward. Also, after completing a mission, you get only a specific amount of gems which are not enough to upgrade your overall character. So, in this mod apk, you will get unlimited gems which you can spend whenever you want. You can even use these unlimited gems to increase your energy. God Mode Do you want to become god so that no one can kill you? Then, this Archero god mode apk is just for you. After using this mod, you will become indestructible, and no oncoming evil wave can defeat you. This Archero god mod apk also has a high damage feature. That means you can kill any of your evil enemies in just one shot. But, personally, I would not suggest you use this mod because it will ruin the overall enjoyment of the game. Also, after using this mod, you will become bored because you will kill your enemies without getting any damage. New Monsters Archero is the only game where you will see a new monsters have their unique powers, and you have to defeat all of them to become a hero of your Kingdome. There are thousands of never-seen monsters who will attack you with their different powers like some will throw bow at you or some will damage you just by touching your character. You can use obstacles to keep you secure from them, or you can upgrade a weapon to fight with them. But keep in mind that, this monster will come from any side like from the front, back, left or right. So you must have to ready for their next attack. Unlimited Money Unlimited money is another most important feature of Archero mod apk. As we know, coins or money is required to unlock the talents. There are a total of 9 locked talent. No doubt you can earn coins by killing monsters and completing chapters, But it takes a lot of time and effort. But using this Archero mod unlimited money apk, you can now get real unlimited coins which you can later use to upgrade your character's exp. All Weapons Unlocked As we know, when we complete any one level, one angle comes and asks us about our wish. We can eighter choose to increase our weapon damage or to increase health. But in this Archero mod, you will get invisible guns unlocked features. That means, now your gun will shoot more than one arrow with very serious damage. Of course, all these weapons are hidden, and we can't see them, but we can clearly see the difference in weapons after level 5. To me, it takes hardly 12 seconds to kill the main monster.
